# COVID-19 HEALTH AND SAFETY

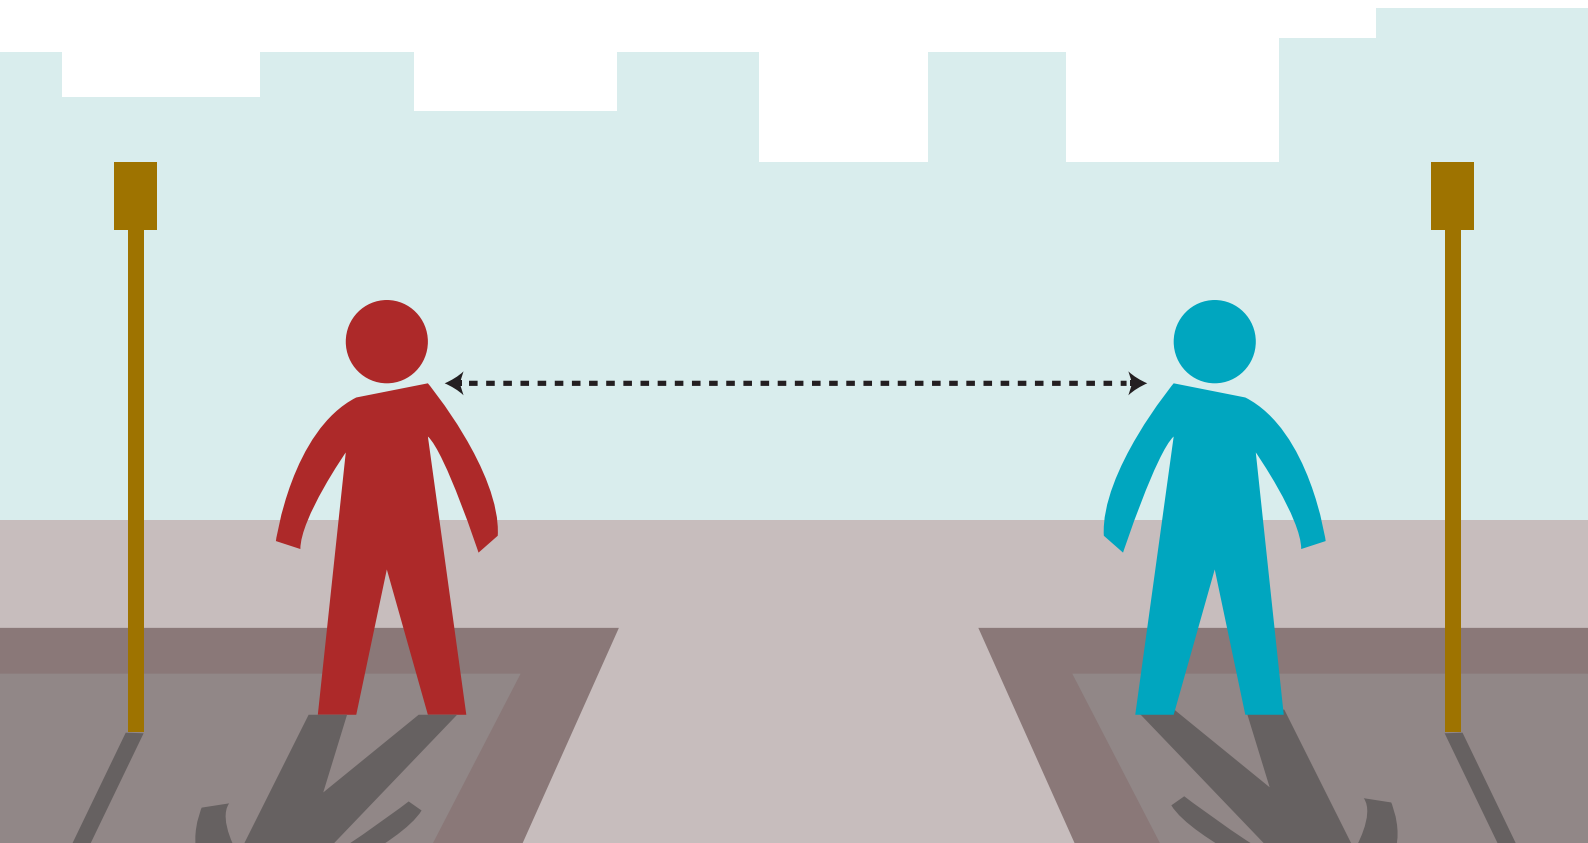

DESIGNCREATEINSPIRE

# SOCIAL DISTANCING

Social distancing is here to stay, at least for the foreseeable future. In line with the guidelines set out by The British Government and The Retail Consortium, we have listed some essential steps to keep your workforce safe:

- Social distance by keeping 2m apart
- Limit the number of staff/customers in your shop at any one time
- Use clear and essential signage throughout
- Use floor markings to comply with social distancing
- Consider one-way systems, use floor markings and clear signage
- Erect barriers and use clear screens to separate workstations
- Hand hygiene stations
- Consider none-contact deliveries and logistics

**Motion Graphix can provide all of your COVID-19 safety signage, helping keep social distancing rules and get everybody back to work safely.**

# FLOOR MARKERS

High Tac vinyl with anti-slip laminate, can be printed in any design and supplied at 300mm, 400mm, 500mm and 600mm diameters. Perfect way to maintain traffic flow and social distancing within the workplace.
